Limitation
300 pieces

In an unprecedenced way, the MYTHOS combines a modern and sportive character with the timelessly classical elegance that JM is renowned for. Unprecedenced like the unique Carbon insertions screwed on each side of the case – on the 9 o'clock side there also is a little screwed-on plate which indicates the individual number of each one of the 300 items world wide. Unprecedenced are also the multi-layered dials with functional indications in interesting configurations.
