 anti-reflective sapphire crystal

Caseback
 sapphire crystal

Mystery Effect – invisible JM emblem on the crystal becomes visible when breathed on

DETAILS

Wristband
 fine calf leather strap with alligator pattern
 and JM butterfly folding buckle
 limited edition 300 pieces

With PRETIOSUM, Jean Marcel has launched a new collection of fine mechanical time pieces that may justly already be called 'classics of the future'. Historical design features like the 'coin-rim' bezel and the 'balloon crown' have been combined with slim, streamlined lugs, giving this homage to glorious watchmaking days an excitingly up-to-date touch. Like in most Jean Marcells, the PRETIOSUM cases have been optimized for maximal slimness, reaching possibly record-breaking height dimensions in spite of the included complications such as the power reserve indication with integrated moon phase and small seconds indicator.
