DETAILS

Wristband

Hightech dynamic strap, hand stitched with
luminous thread, including JM folding buckle
limited edition 300 pieces

The Mythos II, like the originally constructed Mythos collection, is a unique combination of a sporty character and the timeless elegance of a high-quality mechanical wristwatch. The models are fitted with a unidirectional turning bezel and are water-resistant up to 30 atm. The SWISS MADE movements ETA 7750 and ETA 2836-2 with their high-grade finishing and blue screws can be seen through the sapphire crystal case back. Wearing solid, comfortable stainless steel bracelets or resistant rubber straps, the Mythos II models are a comfortable timepiece and the ideal watch for any occasion.
